Variation of condition 2. (plans and specifications) on previous permission no. 2015/91839 erection of one detached dwelling and demolition of existing detached dwelling and garage with associated works to vehicular access		
Date Responded:25/07/2020	Responding Officer: Mark Berry	Responding Ref: 12-4-2

This application seeks approval to the variation of condition 2. (plans and specifications) on previous permission no. 2015/91839 for the erection of one detached dwelling and demolition of existing detached dwelling and garage with associated works to vehicular access at 32, Paris Road, Scholes, Holmfirth

The significant change from a highways point of view is the loss of parking due to the conversion of the garage to a playroom. The proposals are however amended to provide additional off-street parking sufficient to accommodate 3 vehicles.

Given that 3 off street parking spaces are to be retained Highways Development Management have no objection to the proposals for the variation of condition 2.
