

To whom it may concern,

Re: Aaron Van Leeuwen of AVL Fitness

Aaron has been working with the specialist provision for the past academic year, supporting one of our students with additional needs in his fitness setting. The work he has carried out with this young person has helped him to improve his attitude, behaviour, self esteem and wellbeing. He has been a great influence and role model to him and the benefits have been really pleasing to see.

Prior to lockdown we were in discussions with Aaron to extend this work into the new academic year, 2020-21. This would mean that we can offer his expertise and opportunities to a wider range of our students in the specialist provision to build confidence, self esteem and resilience. Having access to these premises would enable Aaron to offer more support to our students, and the local community, giving an opportunity for the young people in the colne valley area to support their health and wellbeing as well as improve their mental health and build self worth and esteem.

If you wish to discuss any of the points raised or need any clarity, please do not hesitate to contact me.

Yours Sincerely,

E. Borg
