to info Manor House
Fireplace

Hi Keith

Thank you for chatting with me today and agreeing to allow parking for unit 2 within your carpark (Manor house fireplace) outside of your working hours.

You made it clear access to the rear units must not be blocked and access to the property you rent out must be clear to allow them to park all of which I agreed would not be a problem.

This will not only help me and the residents regarding parking but it will also drive visual attention towards your signs and business.

If there are any issues please contact me and all issues I will resolve as a matter of urgency for you.

If you can please reply and confirm that this is ok that would be great.

Many thanks

Aaron Van Leeuwen
