Address of the site or building:	Bankgate Mills, Unit 2, Bank Gate, Slaithwaite, Huddersfield, HD7 5DL
Postcode:	HD7 5DL

User comments

Type of comment: An objection
My concern is the street parking on Bankgate, vehicles parked on both sides of the road more or less close the road. I have deliveries for my work and also have to load and unload finished work or work to do, without entitlement outside my unit I rely on the road being clear. A few years ago another unit here was used to sell second hand cars, and although the agreement was for them to operate from within this unit the roadside outside quickly filled up with cars and created traffic flow problems. I believe that the problem was reported at the time and Kirklees council closed the option of street parking in that case. The photograph which shows the road outside the unit, posted as part of this proposal, is quite deceptive, it gives a false impression of the width of the road. It is a very busy road and serves for both pedestrians and cars to 2 local schools. Parking on the pavement is surely not an option. Finally, the car park mentioned, from what I am told, is only available outside of business hours of the owner.
