Subject: Re: Attached letter from Kirklees Council regarding application number 2020/91919 at location The Co Operative Food, 19, Northgate, Almondbury, Huddersfield, HD5 8RX

Good afternoon

I have read the approval for the above application today and note an error in the decision stating

To the north western corner of Brickbank is a small area of amenity space which appears to be maintained but having checked land registry information doesn't seem to form any function with the existing residential properties.

This is incorrect - the land is located on the south west side of my property and is subject to a leasehold title in my name under the title number WYK691576.

On checking my plans and boundaries, I am not sure that you have fully understood what is my property and what is not. I would like to be reassured that the plan does not mean an invasion of my privacy given that the land has not been identified as my private garden space. I remain concerned that I will be overlooked and that this has not been taken into consideration.

Kind regards
