Subject: Fwd: Attached letter from Kirklees Council regarding application number 2020/91919 at location The Co Operative Food, 19, Northgate, Almondbury, Huddersfield, HD5 8RX
Date: 12 July 2021 17:36:38

Dear Sir or Madam

Re: planning application 2020/91919

Thank you for sending the attached letter so I could view additional details of the proposed building behind my property. I am very concerned about the proximity to my property, and height of the proposed building. I can see from the plans that the building will be very close to my property, very much closer than the existing structure, and will have windows that would look directly into my home. In addition, because the land is elevated at the back of my property, the proposed build would completely overshadow and block the light into my home and will completely overlook my private garden, my only private outdoor space. I am therefore concerned about my privacy inside and outside of my home as well as a significant loss of light inside my home. I therefore strongly object to the plans and would be grateful if you could advise whether you intend to approve the plans as I would seek to obtain legal advice.

Kind regards
