Whilst fully understanding the increased rental value of having car parking access I believe we should protect the heritage of the conservation area of old Honley. We must be careful that we maintain the character of the area and that any rewalling or removal of gatepost should be in keeping with the traditional walls. The applicant is not a resident and will not be compromised or inconvenienced by these changes which might cause stress to neighbours by upsetting their traditional rights of way. I feel conservation areas must be conserved to protect the heritage of area.
