I wish to write in support of the application. Demolishing part of the stone wall, thus creating off road parking for residents at 22 Townhead, will mean that there will be 1 or 2 less cars attempting to park on Townhead, where it is already difficult to obtain parking spaces. Similarly those who choose to park their cars adjacent to no. 22 will have better access to achieve this, given that the entrance way is already narrow and has a telegraph pole, it has proved challenging to residents parking their cars there.
