Address of the site or building:	12, Moorville Drive, Birkenshaw, Bradford, BD11 2BT
Postcode:	BD11 2BT

User comments

Type of comment: An objection
I have concerns about the blocking of daylight from the back of no 12 particularly in front of our garage/shed. I think it will create a dark and damp corner. Our kitchen is very small and doesn't get much light, I am worried this extension will reduce the light even as a single storey. I also have concerns about the party wall as the drawing looks like the extension is touching the wall. We only moved into our house in December 19 and had this extension been done then or in progress we might not have bought the house as it gives an enclosed feel to the property. I hope my concerns are taken into consideration and hope somebody can visit us to alleviate my concerns. Finally, my letter said I had until the 17th August to comment not the 7th August so please accept my comments.
