| <p>As a local resident of the area and a keen runner i use the footpath down the side of number 33, All i can say is that in my opinion all the work carried out at the property is to a very high standard and i think it looks amazing what the owners have done! The rear of the property used to be ugly It not only enhances the area but makes good use of the sloping plot. If the owners wish to build a garage as an office instead then what's the issue?, Im sure it will be built as well as the extension and be sympathetic to the area.</p> |
