<p>-Negative impact on Ancient Woodlands</p> <p>- Fragmentation and loss of habitat we have already lost a huge part of habitat with the houses built off soothill</p> <p>- Largest single loss of agricultural land in Kirklees, we should be protecting this for the next generations this will cause job losses to the farming community Will this also not cause the closure of a farm shop that has been on this site for many year</p> <p>- Out of date wildlife surveys - otters, barn owls and kingfishers are breeding in the area but are not included in the ecological reports.</p> <p>The traffic impact will also be ridiculous the roads already can't cope if there is incident on the M62 or M1 due to the amount of cars on the road</p>
