<p>I strongly object to this application. Leeds Road is already busy with traffic, adding all these additional properties will create chaos and add pollution. It is very difficult to get a doctor's appointment as it is. How are the medical practices going to deal with all the additional patients. The green land is home to a lot of wildlife and we particularly see many different species of birds, in addition to deer running across the fields. These plans would have a terrible impact on the woodland. I don't know how you can accept this proposal when the wildlife surveys are wildly out of date. Please please get an up to date Wildlife survey, which will prove that the area is home to a huge amount of wildlife. If the plans were to go ahead, you will directly or indirectly kill and maim so many birds and animals through your actions. Please think about it. Thank you. In addition, there is so much uninhabited property in the area, it would make far more sense to make that habitable. Kind regards.</p>
