<p>The land is of environmental importance, with loss of habitat for wildlife and woodlands. The development, coupled with those recently in the area, represents a further significant increase of housing without appropriate service or network provision. As such, I object to this area of North Kirklees being continually developed (Shaw Cross / Hanging Heaton / Bywell / Soothill) piecemeal when conjoined it becomes a massive urban sprawl without any further significant infrastructure (roads / medical centre / primary and secondary schools / shopping areas. The plan has extremely limited vision, poor oversight and a negative impact on the local area.</p>
