<p>Population: Since the initial plans were published another Census has been carried out. The planning permission must be halted until the new statistics of future population needs been taken into account.</p> <p>Infrastructure: The issue and resolution of extra traffic in and around this area of Dewsbury was never satisfactorily justified. Not just the Leeds Road itself but the effect on junctions such as Tingley/M62 and Leeds Road/ Owl Lane area.</p> <p>Environment: There have been changes, in recent years to the environment in this area, which have improved the habitat and conditions for various different species of wildlife. The plans must now be suspended to allow further investigations into the current state of these local native animals.</p>
