The definition of urban sprawl is 'uncontrolled low density growth of cities into surrounding rural or undeveloped land'.

There are:

200 houses at Amberwood Chase.

288 houses at Owl Lane.

300 houses at Haigh Moor.

300 houses at Shaw Cross, coming up the valley now.

181 dwellings proposed at Heybeck.

1354 dwellings proposed at Chidswell plus 35 hectares industrial.

These are all only a couple of miles from one another. There won't be room for a blade of grass between here and Leeds.
