<p>Living in Chickenley and commuting to work past the proposed site for this new development is going to be a nightmare. The traffic is already bad along Owl Lane and often backs up to the roundabout at the end of the mad mile from the M1. If there is an accident on the M1 or M62 then people come off of the motorway and go past this new proposed development area to get back onto the motorway avoiding the accidents, this also causes a lot of excess traffic. Building all these extra houses is going to cause the traffic to become even worse.</p>
