What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

## User comments

Type of comment: An objection
<p>I object to this development. Not only can the local roads not handle yet more traffic this is not in the interests of the environment or the mental well-being of local people. Many people use this land for fitness and mental well-being. We are constantly told by governments the importance of keeping fit and healthy and yet this local community is consistently losing more and more of our green space until there is none left. It is proven that green space improves the mental well-being of its community's and this is a good reason why we should not be losing green belt space.</p> <p>Why are we being packed in like sardines in north Kirklees when there is so much more land to use in south Kirklees. This planned build is an appalling abuse of our green belt space. Other councils such as Leeds and Wakefield are protecting green belt lands but Kirklees are building on every last piece round here. I am extremely concerned for our environment, local people's health and well-being and the wildlife that will be lost with such a ridiculously huge development. I completely object as do many of our community.</p> <p>This plan does not conserve the landscape, the environment, we will lose trees, there will be increased noise, increased traffic, mass pollution. Kirklees needs to consider conservation of our natural environment.</p>
