## User comments

Type of comment: An objection
<p>This land should not be built on it's a beautiful walk which everyone in the neighbour enjoys, and farming. With everything going on with the pandemic the farm land is helping our country and our village and the farm shop/family and wild life. There are plenty of disused houses which could be refurbished to house people.</p> <p>It will cause more pollution in the air with more traffic and more people. There will be more noise pollution. And it will destroy the friendly community with too many people.</p>
