<p>This development, along with the Barrett proposal on Owl Lane, will result in a large scale increase in traffic volumes and pollution.</p> <p>Chidswell lane will become a 'rat run' for commuters who try to avoid the inevitable traffic congestion.</p> <p>The loss of green belt amenity is unacceptable. Hundreds of people regular walk around the public footpaths within the proposed development area.</p> <p>There is also the impact on wildlife. I see that your survey on bats shows no presence. Whilst it is true that bats do not roost in fields, they do live in the wooded areas, and rely on the field wildlife for food.</p> <p>Finally, the loss of much needed crops to feed ourselves and farm livestock.</p>
