<p>The area does not have sufficient school places for additional families. We were unable to get our child into the 5 nearest schools including gawthorpe primary academy which is in 5 minutes walk from our house. The Greenland is needed to be preserved to reduce pollution as we have a number of large roads in the area and the welfare of existing residents needs to be taken into account. Extra houses, means more cars, more congestion, more pollution, a lower standard of living a decreased life expectancy. I moved to avoid this.</p>
