Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

## User comments

Type of comment: An objection
<p>I travel on this main Road to work every day and the area is already backed up to a ridiculous level. Adding a bus lane wil make no difference. Also, the Local High school is not big enough to accommodate all these new pupils, there is no NHS dentist around for them and the Road and general area is dangerous for school children. Plans of this scale should be put to public vote as ot effects those in the local area who live around this huge new build. The loss for the wildlife will be devastating, no amount of money is worth losing precious green land. There are areas close by that could be demolished and made to look better, Batley has a few run down already built on as does Earlsheaton. It would be catastrophic for the area and not only back up the main Leeds road but also effect the Wakefiled one that goes by the M1 and will make the journey to and from thus area even worse. Just improving 1 road will not change the impact this will have on surrounding ones. People will use the road by the Rugby ground as a rat run and clog up the wakefield road, it will impact Ossett, Batley and all surrounding areas. Please reconsidered this crazy idea.</p>
