<p>This amount of buildings is just not needed. The amount of empty buildings in and around the area, why not put them to use instead of ruining green land. People in the area are selling their homes to move away because they don't want the unsightly views, the mess during construction, and most importantly the heavily congested traffic as a result.</p> <p>Our beautiful surroundings are being ruined bit by bit and people who have lived close by all of their lives are leaving the area as a result.</p> <p>The traffic around the area particularly during and after rush hour is absolutely terrible as it is. This will only make things worse. A completely ridiculous idea and a total waste of our beautiful green space.</p>
