<p>I object to this planning application on the grounds that the current infrastructure cannot cope now so what will happen when there are at least another 1000 vehicles are using the roads, especially Leeds Road. We have major issues of speeding on this road, we get woken up all the time by the noise of the road. The health and mental well being of residents has not been taken into account at all. We have not been consulted on this which is disgusting. We have bats living in the local area that fly around every night, what about them and the ancient woodland that will ripped up and the wildlife with it. The amount of disruption that will be caused is not acceptable because as well as ripping up the countryside you are also ripping up people's lives and that is so wrong. Please put people before profit!!</p>
