Type of comment: An objection
<p>I would like to register my objection to the aforementioned planning application. The basis for my objection is around firstly the huge increase of traffic onto an already very busy road and secondly that will in turn mean an increase in pollution levels in an area with a high number of families.</p> <p>This number of dwellings will put an unmanageable strain onto medical services and a school system that is stretched to capacity. This application should be declined until further infrastructure is in place to support this size of development.</p>
