<p>I object to this planning application for many reasons, impact on traffic on an already overused road network plus added noise and pollution, also the loss of a vital area of countryside which serves as not only as a natural green belt dividing three districts, there are also already many areas of "brownfield sites" which are being ignored and in need of redevelopment before any green belt areas are even considered. This application has already been refused before and that decision should stand in perpetuity. Loss of nearby countryside is also going to harm peoples wellbeing, in a time when we are encouraged to be more environmentally friendly and engage in being outdoors for health benefits</p>
