Postcode:	

User comments

Type of comment: An objection
<p>This application will have a negative impact on the existing communities surrounding the area in question. For example:</p> <p>Local amenities, ie schools, medical facilities and in particular the road network will not support the additional pressures of a large influx of people and cars.</p> <p>Increase in carbon emissions with the initial building site and then the long term increase in the number of vehicles in the area.</p> <p>The permanent loss of the greenbelt, including woodland and farming land.</p> <p>Potential loss of the public footpaths, walks and right of way around the area of Gawthorpe.</p> <p>The impact on the quality of life in the established villages and communities by the building of a large housing estate, including policing, anti social behaviour and local crime rates.</p>
