<p>This a valuable green space for the people of Wakefield, Kirklees and Leeds that must be protected for future generations. This is green belt land and must remain so. The current pandemic has shown just how much we need our countryside and footpaths to keep our health and well-being. Our councils should have our health and wellbeing formost in their considerations. To build on our green lung would be an act of municipal vandalism. Please reject this application and protect our environment.</p>
