What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>For many years this locality has been developed to a point where the infrastructure has reached overload. The road network, particularly around Tingley roundabout and the M62/M1, are already at a standstill both morning and evening making travel for local residents stressful on a daily basis. Shaw Cross is a bottleneck and is consistently congested on an evening as traffic passes through. Additional traffic in these areas will not only add to the congestion but will contribute to higher levels of air pollution not to mention the increased road noise levels and odours. Unfortunately, our natural 'green' filter will be removed by the development of our green fields. The natural landscape and environment will be destroyed forever leaving a substantial destruction and loss of natural habitats for hundreds of species.</p> <p>The effect on neighbouring properties will be irreversible, as lots of local property prices will decrease, they will be overlooked by the development and no longer have a beautiful open vista of the countryside.</p> <p>It is not acceptable for such large scale development in such a beautiful area.</p>
