<p>Losing so much greenbelt land will have such a detrimental effect to the health and wellbeing of everyone living in the area. The trees are our oxygen and to lose so many within such an already congested and busy area will be catastrophic. The area is already struggling with traffic on the roads too, so building so many houses AND industrial buildings will cause dreadful problems with the roads and even more pollution.</p> <p>We need to preserve our greenbelt land, NOT lose it!</p>
