<p>As someone who has lived in Gawthorpe my whole life, our village and neighbouring communities benefit greatly by the beautiful, untouched green landscapes of Chidswell. I object the plans proposed because there has been several housing developments in recent years across Kirklees and Wakefield and there are over 3000 homes currently unoccupied. So lack of housing is NOT a justified reason for the proposed plans, only profit. Profit is the motivation to destroy natural habitat and rural land that is irreversible. We can't get it back. But we can fill the houses all over Kirklees that are currently empty. Please consider the community and wildlife before excess carbon emissions and capitalist profit. This green area is an asset to the community of Kirklees and for it be destroyed will make clear the priorities of the council. I object to profit over the good of the people's well-being of being able to enjoy open green space and appreciate the beauty of natural habitats that are country is excessively destroying.</p>
