Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>Our air quality is at red level and is already a risk to life and longevity. More cars on dewsbury road and surrounding smaller residential roads being used as cut throughs will cause more life limiting respiratory problems and result in more early deaths. Green fields help offset harmful emmisions. This building plan will reduce the lungs of the locality and sentence us and our children to poor health. Especially when you consider all of the other builds happening on the opposite side of dewsbury road and further along it. Seriously look at the map with all the proposed builds and accept the policy is destroying health. Its poor judgement and risks public health in my opinion. Please consider the publics health.</p>
