<p>Baghill rd where I live leads onto heybeck lane & our quality is already in the red & with this application & another on chidswell site & 299 on haigh woods I fear for our air quality, the incredibly extra large number of traffic these applications will cause will bring our country roads to a stand still, heybeck lane can't be made bigger structurally it will horrendous at peak times in particular, I've witnessed buses getting stuck on adjoining roads to heybeck such had haigh moor rd, Westerton rd, so providing extra public transport will only hinder the situation, I can't see any proposed extra schools, dentists & doctors & we struggle to get appts has it is. we've enjoyed some beautiful walks around us & that is being taken away from us along with wild life, there will be nothing green for our children, I strongly object to this application has I do the others I've mentioned for the above reasons</p>
