<p>Lockdown has proven how important it is to have green spaces locally for people to walk and exercise on. The construction of these houses would take that away. It would also lead to a major increase in traffic on an already very busy road. I also have children at the local schools (one went to shaw cross and is now at Bywell) and class sizes are already 30-32 per class. I don't think we have the amenities required to support so many more families.</p>
