| <p>I don't believe this should go forward, this has been my home village all my life and has always been a lovely quiet area surrounded by nature and fields I believe it should stay this way as this is how my home has always been and will not be the same without the beautiful scenery and public footpaths that surround it. These are the places I take my dog for walks most days, these are also places I spend my childhood running through fields. This should not go ahead, leave the nature alone and let us keep our home. It will make our surroundings and village a lot more populated, noisy which may disturb us at night, it will ruin our lovely views outside our windows and also is no good for our environment!</p> |
