<p>Health and safety threats to children from pollution and injury due to thousands of extra vehicles using the A653 currently this road is a bottleneck between Dewsbury and Leeds and is currently at capacity and no firm plans are on place to rectify this situation!</p> <p>The land in question acts as a zero carbon emission "green lung" separating Kirklees, Wakefield and Leeds - building on Chidswell will create massive urban sprawl with communities losing their identity and loosing the much needed green space! There are no provisions in this plan to substitute those lost green spaces which are needed for the health of the community!</p> <p>Local schools are operating at capacity with no plans by Kirklees to build new schools other than primary Carr our community should not have to rely on neighbouring authorities for secondary education!</p> <p>Doctors' surgeries and public amenities would be unable to cope with such a rise in population.</p> <p>The development is contrary to the Government's National Planning Policy Framework which supports health, social and cultural wellbeing.</p> <p>This site was pushed through in the local plan with no consideration to the needs of the community and the council deliberately ignored the massive objections to it!</p>
