<p>I object to this development for a number of reasons</p> <ul style="list-style-type: none">• it will destroy the habitat of wildlife and have a detrimental affect on the environment.• it will involve the destruction of trees and spoil the natural beauty of the landscape• it will cause massive increases in the amount of traffic on surrounding roads. This in turn will create more road noise and increases in air pollution.• increases in traffic will also make the road more dangerous- this road is prone to accidents already and doesn't need more cars travelling in and out of the new development.• the schools in the local area are already over subscribed- new housing will add to this problem.
