<p>This will affect a large area and a huge number of residents. Our area is already very built up with little green space and will destroy the habitats and woodlands. Owl Lane and surrounding area already has a planning application for new dwellings and with this will create excess traffic problems on a narrow busy road. trucks use the roads nearby to access both the M62 and M1 and the roads cannot cope.</p> <p>It will necessitate new schools, shops etc in an area that is unable to accommodate extra buildings. Both Leeds Road and Wakefield Road have heavy traffic already and this area cannot cope with anymore. This in turn will lead to more pollution and affect the mental health of residents who need some open spaces with a quieter and greener environment.</p>
