<p>I live on Leeds Road and have done for 20 years. This road has become busier and busier in that time and cannot cope with current levels of traffic as is. There have been numerous RTCs involving vehicles in this road and I have a genuine fear that should this development go ahead and traffic volumes increase then it is only a matter of time for when (not if) someone is killed. I have to queue to get out of my own driveway some mornings as it is and with the huge increase this development will bring in vehicles this will only get worse.</p>
