<p>The proposal to build so many houses in an area of natural beauty would be a very sad loss to the community & change the area completely.</p> <p>The area can not cope with anyone traffic Leeds Road is exceptionally busy at most times of the day & to expect to add to that is very unreasonable the pollution & air quality would be greatly changed as well as the continual noise factor.</p> <p>Our local schools doctors & dentist surgeries are already full to capacity so where would more residents be expected to go.</p> <p>Many of the houses along Chidswell Lane Leeds Road areas are going to be overlooked by the new houses particularly as many are bungalows & so residents in these properties through no fault of their own are going to loose their privacy.</p> <p>The proposed area for the houses is surrounded by farms & open country side an area which is greatly valued by local residents. Many of us walk through fields & along the many foot paths for our exercise & during the Covid 19 epidemic this area has been a bonus helping with people's health & wellbeing being close to nature ... fields trees hedge rows birds & wildlife has been enjoyed by adults & children alike.</p> <p>I ask that planners think very hard before taking all this away from this lovely area ... once it's taken it is all lost forever</p>
