

About the application

Application number: 2020/92331	
What is the application for?:	Outline planning application for demolition of existing dwellings and developmen
Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
Dear sir/madam I would like to add my objection to this application It is disproportionately large in relation to the supporting infrastructure around it . As you will know , driving into Dewsbury down the cutting is horrendous as it is , and adding literally thousands of extra cars to the area will be ridiculous. The amount of extra co2 produced from so many idling cars surely goes against green targets the council has made. Also the amount of co2 produced by the works themselves through the thousands of tonnes of materials . The area is a 'green lung' used as a carbon sink between Wakefield and Dewsbury ,so this development only aids to reverse any carbon reductions gleaned by recent initiatives. Building on green belt is simply unacceptable and would cause permanent and unchangeable damage to the environment, add to traffic congestion and pollution , raise co2 and nitrogen dioxide levels , not to mention extra pressure on local public services . I trust you will take the long term view of our environmental health and reject this application
