<p>If you were to go through with these plans, many people living in our local area will suffer. Not only will we lose our beautiful surroundings that offer us walks, a chance to exercise and increase our health both mentally and physically but we will also struggle with what the developments will bring. More traffic, more demands on our doctors and services that are already strained. Our quiet beautiful area will be turned into an overcrowded, busy and ugly mess. Climate change is a huge issue at the moment and destroying our beautiful area will impact our climate and many wildlife and species will be forced out of a home. I feel these plans are purely for greed purposes and I can not quite believe Kirklees Council is willing to eradicate such beautiful surroundings. Beauty is hard to find in this ugly world so please don't take what little we have!</p>
