<p>With so little green space around the Dewsbury / Tingley area, it is heartbreaking to lose this stretch of land. It is absolutely beautiful and shows such varying diversity of environment with the seasons. When we walk our dog across the fields from Heybeck Lane to Chidswell Lane we are able to breathe in clean air, so lacking with the increase in traffic around this area. We are also able to appreciate nature in all its beauty. We count the types of wildlife we see, a squirrel running up a tree in the beautiful woods, a flock of grouse, pheasant that make our dog jump, short eared voles, field mice, crows, horses, and so on and so on. We watch the farmers tending their land. To use this land for both housing and industrial units when there are brown field sites available would be a crime to the people of this area.</p>
