<p>This will create so much pollution to the local area. The local schools are already massively overcrowded and cannot cope with more pupils. The local doctors will also see an increase in patients therefore people will have to wait longer for an appointment which could lead to people failing to miss a serious diagnosis. We're already seeing a massive decrease in wildlife we need to protect their habitats not destroy them. There are no plans to for the local roads either they will not be able to cope with the sheer amount of traffic this development will bring.</p>
