Type of comment: An objection
<p>I object strongly to the proposed evelopment of 1500 houses on green belt land. I bought my property on Willerton close (an original brown field development), on the basis that behind our house was Green Belt land, with lovely views over the fields towards the city of Wakefield.</p> <p>I appreciate that the country as a whole has a need for new housing stock, but why use Green Belt areas when there are many Brownfield ex-industrial sites that offer excellent other opportunities for housing developments.</p> <p>I don't think the council has really looked at other possibilities and has just acceptedthe developers proposals. How many of the council members that are voting FOR this development have walked and discovered this gem of countryside within Kirklees? Living here has been a nice experience for the last 35 years. Yet you now propose to move 3000+ people into our back garden. I have walked and enjoyed a lot of the area for leisure purposes during those years. And you now want to remove those possibilities and options from me.</p> <p>I am disgusted with your proposals and wholeheartedly object.</p>
