Type of comment: An objection
<p>I object to the building of so many properties on the beautiful land not only will it take away the green land but taking away all the trees will effect the birds and wildlife that is living there alot of the area's around west Yorkshire already have a problem with flooding due to the amount of rain we have been having taking away all the trees will also effect this , also the road network around the area of the proposed build is already very busy and having so much extra traffic added by the proposed residential area will cause even more issues I would like my grandchildren and there children to be able to see be proud of the natural beauty of Yorkshire instead of just building on every bit of greenery</p>
