<p>The proposed application will take away the opportunity to walk and appreciate the abundance of wildlife with children and grandchildren in particular. How else can children grow up to appreciate the importance of the countryside, certainly not by walking through a housing estate or industrial estate. Walks across those those field have taught my grandchildren many life skills. Incidentally, my son and his family live on Manor Park which overlooks the above proposed development. Beautiful views, wildlife, peacefulness that have been so absolutely vitally important during lockdown will disappear. It has become blatantly clear to all, including the government and local authorities, how important these open spaces are in a crisis to keep people mentally heathy. I hope, with lockdown still in operation in certain areas including Kirklees, that this area of tranquillity can be left alone for people to enjoy and escape difficult times and not be completely ruined with the proposed development.</p>
