Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

### User comments

Type of comment: An objection
<p>Leeds Road is already a very busy road with cars and lorry's using the road as a race track. The road simple can not cope with the additional traffic this development would bring. The road only needs a minor incident to occur and traffic quickly builds, driver do not use the road in a safe manner as it is and an increase in traffic will only make this situation worse. As we are on the boarder to Leeds and there are several developments already in the planning process in this area, green space needs to be taken into consideration. As a cross community Woodkirk/ shaw cross borders Leeds and Kirklees both councils are putting forward plans to build with no consideration to how the current community use the green spaces in the local area. You are not enhancing our community you are gridlocking it, creating further road noise impacting on traffic safety while destroying what little natural green space we have left.</p>
