<p>I object on the grounds of:</p> <p>Environmental - this country badly needs to preserve green spaces both for wildlife and to ensure the ground humans inhabit does not become all concrete and hard standings</p> <p>Traffic - pollution will increase in the area. Congestion will increase also on already busy roads. Natural Drainage will diminish. Noise levels will rise.</p> <p>Mental health - in these times green spaces are essential. This area is used extensively for people to walk and experience nature.</p> <p>Infrastructure - i know a school is in the plans however what about gps, shops, denyists and other services, they will be more overwhelmed than currently.</p>
