| <p>The amount of air pollution and traffic will be detrimental to the area. We have a lot of young children in the area who need to breath clean air. The forest bad green belt are also filled with wildlife that we shouldn't be destroying when the animal population is dropping. Traffic all also effect the entirety of ossett and Dewsbury and will bring a massive influx from the m1 and m62 which are congested enough. We need to protect the environment. Also local jobs will be effected building new businesses. This isn't the right time or area to build.</p> |
