<p>To build on this beautiful greenfield site would be an absolute travesty. It would cause major destruction of natural habitat and flora, create a massive impact upon local wildlife and ancient woodland. Once built on, this unique landscape would be lost forever - WHY?? Surely with the current recession and the local town centres of Dewsbury and Huddersfield becoming deserted and desolate. They are consequently full of abandoned offices, factories and shops surely these sites would be much more suitable to build on and redevelop ? - rather than destroying what little green and open spaces are left in North Kirklees.</p>
